

APOLLO MIRROR

Inspired by a mid-century design, our star-shaped Apollo mirror is available in many finishes and with polished nickel or antique brass detailing. The metal detailing can edge the frame on both sides, or just one side, as preferred. Mirror plate can be clear or antique.

The mirror is shown in our soft bronze hand-painted finish with polished brass inlay and edging detail.

Dimensions can be customised.

The Apollo is hand-made in the UK by our skilled craftsmen.
