

CALLISTO SIDE TABLE

The Callisto table was inspired by our wish to create a completely new design, using our trademark triangular leg in an innovative way. It is shown in Ocean bird's eye maple veneer and with polished brass inlay.

A striking side table, the Callisto is available in all our veneers and finishes, with or without metal inlays in a variety of designs.

As with our other pieces, this side table is available with or without a low-level shelf, in bespoke dimensions, and is hand-made in the UK by our skilled craftsmen.
