

OBERON CABINET

The antique crazed gold liquid metal finish creates a sumptuous surface, applied by hand and patinated. The smooth Buff pull handles in antique brass have been designed to complement this exceptional metal finish.

The top detailing and feet are shown in Raven walnut. The standard interior offers adjustable shelves in figured walnut, but can be fully customised.

The Oberon is available in most of our veneers and liquid metal finishes and in bespoke dimensions. Most of our pull handles suit this piece.
