

PIROUETTE TABLE

The Pirouette table is shown in our perfectly finished Piano black.

Complemented with our Links design glass top, the design pays homage to Emile-Jacques Ruhlmann's creations, epitomising the glamour of the 1920s Art Deco style. Palladium metal leaf has been applied to the underside of the glass. Other metallic leaf colours are available.

The table is offered with other glass, mirror, leather, stone or liquid metal tops, and in Raven or American walnut veneer or Noir.

Dimensions can be customised.
