

PORTMAN DESK

The Portman is an elegant desk with three shallow drawers on finger-pulls. The desk is shown in a combination of Pinstripe and Ribbon hand-painted finish in our colour Flannel, with Seal Grey leather skiver. The stretchers are shown in immaculate polished nickel.

The leather skiver is a further option, and is available in our standard Midnight, Seal Grey, Savannah or Claret leathers, while the metal detailing is offered in antique/polished brass or satin/polished nickel. Instead of finger-pulls, handles from our collection would also suit the desk well.

The Portman desk is available in all our veneers and finishes and in bespoke dimensions. It is fully hand-made in the UK by our skilled craftsmen.
