

Black & Key

VULCAN DINING TABLE

This extending dining table conceals leaves under the top in an ingenious design. The mechanism is beautifully fabricated to make it very easy to extend.

The dining table is shown overleaf with a single extension leaf, in Raven walnut, and with the optional antique crazed mercury liquid metal inset top and leg detail. It is available with additional leaves and in many other combinations of finishes and detailing.

The Vulcan dining table is available in many veneers and finishes, in bespoke dimensions, with and without extension leaves, and is hand-made in the UK by our skilled craftsmen.
